Application No. 10/091,698

Filed: March 5, 2002

Attorney Docket No. 100202181-1

PETITION TO REVIVE UNDER 37 CFR 1.137(a)

This is a petition under 37 CFR 1.137(a) to revive the above-identified application.

The above-identified application became abandoned for failure to timely reply to the nonfinal Office Action mailed March 7, 2007. The application became abandoned on October 9, 2007.

This petition is accompanied by: (1) a reply to the non-final Office Action mailed March 7, 2007; (2) the petition fee as set forth in 1.17(1) and (3) a showing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(a) was unavoidable. The required showing under 37 CFR 1.137(a) is described below.

The Applicant provides as a part of the required showing a copy of the postcard that bears a stamp that indicates that the reply to the Office Action mailed March 7, 2007 was timely filed with and received by the USPTO on June 13, 2007. Importantly, the stamped postcard establishes the date of receipt of the timely filed reply, by the USPTO, in accordance with MPEP 303.02(b). As such, Applicant respectfully submits that there was actually no delay in the filing of the reply only a delay in the receipt of the reply by the Examiner.

It should be appreciated that Applicant took measures to avoid additional delay in the receipt of the reply to the outstanding Office Action by the Examiner. In particular,

Applicant faxed a copy of the reply to the Examiner's attention that apparently has not been received by the Examiner even though, again, Applicant received confirmation of the receipt of the reply by the USPTO in the form of a fax receipt confirmation. This auto-reply confirmation of the receipt of the reply is provided herewith as a part of the required showing under 37 CFR 1.137(a). Applicant respectfully submits that the fax receipt confirmation provides evidence of measures taken by Applicant to avoid further delay in the Examiner receiving the already timely filed reply to the outstanding Office Action.

Additionally, it should be appreciated that the reply to the outstanding Office Action that is provided with this petition is the third attempt by Applicant to provide this response to the Examiner. The Applicant respectfully requests that this submission be taken as evidence of a continuing effort by the Applicant to avoid delay in the receipt of the reply by the Examiner. As such Applicant's efforts in this regard have extended from the due date for the reply until the filing of the instant petition.

Applicant respectfully submits that Applicant's actions as established by the above discussed showing constitutes the surest way available to an Applicant to avoid a delay in reply to an Office Action and the abandonment of an application on the basis provided by the Examiner, that is: (1) to timely file the reply with the USPTO, and (2) to provide the USPTO with the missing reply if non-receipt of the reply by the Examiner is brought to Applicant's attention. However, if these efforts fail, then delays in the receipt of the reply by the Examiner are unavoidable by the Applicant as the mechanisms for getting the reply from USPTO document receiving authorities to the Examiner are beyond Applicant's control.

Consequently, Applicant respectfully submits that the delay in filing the required reply from the due date for the reply until the filing of the instant petition was unavoidable. Accordingly, Applicant respectfully requests the granting of the instant petition to revive the above identified application on the grounds that the delay in filing the required reply from the due date for the reply until the filing of this petition was unavoidable.

Respectfully submitted,

MURABITO, HAO & BARNES LLP
